

Announcements

Welcome!

The [Network for Evaluation and Implementation Sciences at Emory \(NEISE\)](#) would like to welcome everyone to the new semester! Please keep us posted if you have any new implementation science awards, projects, or publications. You can submit updates via email or through our [website](#).

Newsletter

We will be sharing NEISE research news and updates throughout the year to [listserv subscribers](#) using our new [newsletter](#). Please share with colleagues and let us know if there are items you would like to highlight. You can share resources, opportunities, and questions for collaboration on the listserv and we will highlight them in the next newsletter.

Save the date

Announcement coming soon for a [NEISE Speaker Series](#) on October 27th from 12-1pm.

In case you missed it!

[Amit Shah](#) presented work on the implementation of a virtual cardiac rehabilitation program in our recent [NEISE Speaker Series](#).

Spotlight NEISE Member

[Saria Hassan, MD](#)

Saria Hassan, MD is an Assistant Professor of Medicine at the Emory School of Medicine. She is an implementation scientist with an interest in addressing the needs of individuals with chronic disease in humanitarian settings. These include humanitarian settings that result from natural as well as man-made disasters. Saria's current projects include work in the Caribbean region, Sudan, and Tanzania.

Each newsletter we will randomly spotlight a NEISE member from [our network](#)

Webinars

- **September 30, 2021** - University of North Carolina: [2021 UNC Institute on Implementation Practice Virtual Series – September Webinar](#)
- **September 29, 2021** - NIH Division of Cancer Control & Population Sciences: [Joining Forces: Engagement Science and Implementation Science to Advance Health Equity](#)
- **September 14, 2021** - Global Cancer Research and Control Seminar Series: [Introduction of HPV Testing and HPV Self-Collection in Argentina: Results From the Evidence](#)
- **July 19, 2021 (Recording)** - NIH Division of Cancer Control & Population Sciences: [Opportunities for Examination of Structural Racism and other Social Determinants of Health to Advance Health Equity through Implementation Science](#)
- **July 13, 2021 (Recording)** - Global Cancer Research and Control Seminar Series: [The National Cancer Grid, India - Eliminating Disparities in Cancer Care](#)
- **June 30, 2021 (Recording)** - NIH Division of Cancer Control & Population Sciences: [Framing Priorities for Advancing Health Equity Through Implementation Science](#)

Events

- **October 6-7, 2021** - Consortium for Cancer Implementation Science (CCIS): [Third Annual CCIS Meeting](#)
- **October 20-21, 2021** - University of Wisconsin-Madison Institute for Clinical and Translational Research: [Dissemination & Implementation Short Course 2021](#)
- **October 23, 2021** - American Public Health Association: [Community-Based Primary Healthcare Working Group Pre-Conference Workshop](#)
- **October 25-26, 2021** - The National Academies of Sciences, Engineering, Medicine: [Promoting Health Equity in Cancer Care: A Virtual Workshop](#)
- **December 14-16, 2021** - NIH and AcademyHealth: [14th Annual Conference on the Science of Dissemination and Implementation in Health](#)

Share resources with our [email](#) or [listserv](#) and we will highlight them in the next newsletter

[GET INVOLVED!](#)

NEISE is a network that encourages interdisciplinary research opportunities to harness the intellectual resources of Emory University and Greater Atlanta to create solutions for sustainable and resilient communities, while enriching the faculty and student experience.
